## TODDLER ROOM 2

We continued our summer themes throughout the month of July. We learned about all the great helpers we have in our community and even had a Fire Truck come visit the school! We also had so much fun dancing along to music from the 50's, 60's, 70's, 80's and 90's and had so much fun tie-dyeing t-shirts! We learned all about North Carolina- the state we call home, and we were fascinated by the wonders of magic. All of the toddlers have been learning and growing so much this summer! We are all looking forward to the start of the new school year in August and can't wait to welcome many new friends to our class!

Smiles, Ms. Lindsay

## CHILDREN'S HOUSE 2-2

August started with a bit of magic for our friends in Children's House 2-2. We made magic wands and potions as we explored the world of imagination. Then we boarded a boat and studied what floats and enjoyed some fun things underwater. After that we hopped on a plane to examine the skies and all the wonderful stuff we can find there, including clouds made from sponge paint and a cardboard airplane we can actually sit in and imagine what it's like to be a pilot. Overall, August has been awesome month.

With gratitude, Ms. Maddy and Ms. Brittany

### TODDLER ROOM 1

July was a very busy month for Toddler Room 1! We focused on several themes and the toddlers loved each one of them. We first had our Community Helpers theme. We had a fire truck come to see us twice in one day and was able to act like firemen. We had a dentist bring us supplies in order to brush our teeth and we took our very own Toddler Intake Photos. We loved music from all decades and we made our very own boom boxes and also did Tie-Dye tshirts. Our toddlers became very excited when it was Carolina week! We made Tarheel Toddler Feet and made handprint Cardinals. Lastly, we talked about Magic Tricks and did a combination of magic and science. We made rabbits come out of hats and made our very own wands. We even made up our own magic words. July was definitely a month to remember for our Toddlers.

With Love,  
Ms. Kendalyn and Ms. Jyoti

### CHILDREN'S HOUSE 1-2

July was a great month in CH 1-2. We had amazing themes that allowed us to learn in the best way, hands on! We read books about firemen and we were able to meet three. We learned all about different decades of music and made shirts to match. Magic was a huge success, watching Mr. Alan do tricks and making our experiments. Everyone has learned a lot and more importantly had lots of fun.

Thank you for support and encouragement,

Ms. Hayley

## CHILDREN'S HOUSE 1-1

What a wonderful month we have had. CRAFTS GALORE! We learned about different decades of music including the 70s, 80s, 90s, and early 2000s! We said goodbye to Miss.Tori as she went and got married, then welcomed her back with a card and hugs! While she was away we learned all about North Carolina! Our state bird, our state flower and about the first airplane. We then learned a few magic tricks during our magic week. We colored bunnies coming out of hats, made our own magic wands and hats and learned a few card tricks! Then we moved on to boats! We learned what we might see while we are on board and what we might see down in the water and even whats in the sky above us. Miss. Tori showed us lots of pictures from when she went on her cruise boat. We made two new friends this month too---Shreya and Luke!! The summer themes will be coming to a end soon and we will be kicking off our new school year. Goodbye hot weather.. see ya next year!

With so much love,  
Ms. Tori and Ms. Olivia

## CHILDREN'S HOUSE 2-1

In the month of July, we continued learning and exploring with our summer themes.

The highlight of Community Helpers week was when the fire truck came to visit the school. During Music of the Decades week, we explored many different genres of music. During North Carolina week, we had lots of fun learning about the history of North Carolina. We especially loved learning all about the pirates. Our class had a blast making our own pirate flags. And we ended the month by learning all about magic.

In July we said a very sad goodbye to our teacher Ms. Maria. We all miss her very much and wish her the best on her new adventure in a new state! But we are very excited about our new teacher Ms. Marlene.

With gratitude, Ms. Marlene
