October 2016

TODDLER ROOM 2

We've had quite a month in the Toddler 2 class! Our class has grown so much over the past month as we've welcomed so many new friends to our class! September was filled with birthday fun as three of our friends in our class celebrated their 2nd birthdays! We've continued working our way through the alphabet and learned about the letters C, D, E and F during the month of September. And School Picture Day was definitely a highlight of the past month! We are looking forward to having lots more fun in October and are especially looking forward to celebrating Halloween!

Smiles, Ms. Lindsay and Ms. Suzy

CHILDREN'S HOUSE 2-2

Children's House 2-2 plan for the month of October is being shaped by the children's needs. We have had some issues with respecting friends in the class so we're beginning the month with a lesson on good character. We have been reading books with themes that stimulate conversations about how to be a good friend and what it looks like when you hurt someone physically or when you hurt someone's feelings. We're also talking about where to go from there to mend your friendship. We are also working our academic challenges, creating art, and expanding our knowledge of literacy/mathematical concepts/nature.

With gratitude, Ms. Maddy and Ms. Brittany

CHILDREN'S HOUSE 1-2

September has flown by as we learned A through E. We love learning our letters and singing songs to better remember the sounds they make. We loved the letter b and learning about bees. It was especially fun when we would see the bumble bees outside and search for the hive or a flower for them. E was also a favorite. All week we were focused on eggs. Miss Hayley cracked an egg open and we learned about the yolk, egg white and shell. We had a group discussion on different types of animals that hatch from eggs. October is already an exciting month as we prepare for more letters and Halloween!

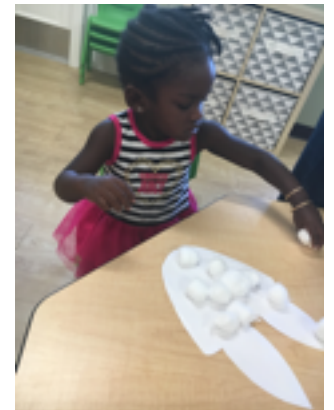

Thank you for support and encouragement,
Ms. Hayley

TODDLER ROOM 1

In September, we got into our school curriculum in Toddler Room 1. We learned about the letters B, C, and D. We worked on showing the toddlers how different each letter can look and how B and D can sound similar to one another but are different. Each week we did numerous crafts to represent the letters that we had learned. Our favorite crafts were our doughnut craft, our bunny craft, and our cookie craft. We introduced a new work which helps us match and learn our colors. The toddlers are in love with this new work and it helps them so much. We also celebrated Fall coming and made Wreaths that we could take home to put on our doors. During letter B week, we learned the importance of boo-boos and bandaids. Each toddler was able to pick out their very own bandaid to put on their invisible boo-boo. I think that was the toddlers most favorite thing this month. We also were able to take school pictures and classroom pictures, which came out awesome. The toddlers have also been adjusting to two of our dearest friends moving up to the Transition room. September was a month full of lots of fun.

With Love,
Ms. Kendalyn and Ms. Jyoti

CHILDREN'S HOUSE 1-1

What a wonderful month we have been blessed with! The leaves are changing colors and the air is cooling down! HELLO FALL! We have done so many fun crafts including making dragons, dinosaurs and created sea creatures! We celebrated birthdays and said hard goodbyes to friends that have moved up. Along with warm hellos to new friends moving in! As always we have so much fun with dance parties and fun Friday! We loved learning all about woodland creatures and what may be down in the ocean! On to a new month we go!

With so much love,
Ms. Tori and Ms. Olivia

CHILDREN'S HOUSE 2-1

Children's House 2-1 is growing so fast! We welcomed Natalie and William to our classroom this month. Miss Ana Maria has joined us as well! Adil celebrated his fourth birthday this month with the traditional Montessori "Walk Around the Sun".

The curriculum school year is well into its second month and we have been working on constructing simple sentences and practicing writing our names. We are learning about upper and lower case letters. Craft work is our favorite and this month we both painted and made collages. Learning all about co-operation and working together on problem solving has been a big lesson in our classroom this month. We continue working on our fine motor skills with writing and cutting, scooping and pouring. Fridays brings show and share day when we can all bring something special from home to share with our friends. We continue to love our Monday music lessons with Miss Marcia, who always brings her guitar!

With gratitude, Ms. Marlene and Ms. Ana Maria
