August 2016

## TODDLER ROOM 2

August was a great month in the Toddler 2 class! We finished up our monthly themes by learning all about the sky and boats! Our last theme for the summer was Baby Boot Camp and the toddlers had so much fun on our playground obstacle course! The 2016-2017 school year started in August! We are starting off the school year by learning all the letters of the alphabet. So far we have learned all about the letter A and the letter B! The toddlers have also been learning sign language and Spanish words. We look forward to learning so much more in the month of September!

Smiles, Ms. Lindsay

## CHILDREN'S HOUSE 2-2

Summer ended with a bang in Children's House 2-2 as we celebrated our graduating class of 2016 at a fun filled party at Ms, Maddy's house. We're starting the month of September with a focus on the basics. How our day runs, what our names look like, what themes we can explore this school year, etc. A few reminders... Show and Tell is every Friday for any child who wishes to participate. If you have not already brought in a tooth brush, please do so. Last but not least, make sure your child has a full change of clothes that are weather appropriate. Thanks so much and I look forward to a wonderful school year.

With gratitude, Ms. Maddy and  
Ms. Brittany

### CHILDREN'S HOUSE 1-2

This month has been all about getting back into the school year routine! It has been hard but the class has been doing wonderfully. We have implemented all the class room rules which have been turned into a song. The class loves to sing "walking feet, listening ears, whisper voices and hands to ourselves". We are learning all about the letter A and how the classroom works. Specifically work cycle. We are trying to master putting the works in their designated space. Everyone is doing a great job and having a blast. We are all excited for the year ahead.

Thank you for support and encouragement,  
Ms. Hayley

### TODDLER ROOM 1

The month of August was filled with lots of fun and crafts in Toddler Room 1. We had some really fun activities going on. We began August off discussing boats and what we use them for. The toddlers really enjoyed the boat sensory bins and learning how to make their boats float on the water. We then learned about things in the sky. We made binoculars to help us see stuff better in the sky and pointed out everything we saw such as birds, airplanes, helicopters, the sun, and the moon. The toddlers enjoyed our Olympic week the most. Each day we had a different event that catered to the Olympics. At the end of the week, we ran an obstacle course. Lastly, we started our school year off with a bang! We welcomed a lot of new friends and talked all about us. We are looking forward to a great school year in our Toddler Room 1 classroom.

With Love,  
Ms. Kendalyn and Ms. Jyoti

## CHILDREN'S HOUSE 1-1

What a great month it has been! Learning, singing and dancing. We said goodbye to summer and a big welcoming HELLO to fall and a new school year. We celebrated birthdays and had dance parties. We had a few very hard goodbyes to our friends and some very loving hellos to new ones. We have learned our school, hallway, and work cycle rules and why it is important to walk in line in the hallway. We have done arts and crafts including painting with apples!!! We are learning to recognize our names with them on the back of our chairs, and we are working on spelling the days of the week. It has been a great month to refocus and take in tons of knowledge.

Onward into the school year we shall go!

With so much love,  
Ms. Tori and Ms. Olivia

## CHILDREN'S HOUSE 2-1

The month of September has brought the new school year curriculum to Children's House 2-1. We welcomed our friend Abby into our classroom this month. Our class has already finished working with the letters "A" and "B" and will continue with more of the alphabet as the days go by. We are working on our grace and courtesy by remembering to take turns, and say "please" and "thank you". We have enjoyed painting and decorating our classroom with our art work. We learned all about the meaning behind the holiday of Labor Day. Every Monday Miss Marcia comes to our classroom and shares her love of music with us. We sing, dance and play instruments.

With gratitude, Ms. Marlene
