November 2016

TODDLER ROOM 2

The month of October was all about Halloween in the Toddler 2 class! We listened to Halloween music and read Halloween books all month long! For our crafts this month, we made Halloween monsters, ghosts, mummies and painted our own pumpkins! Then on Halloween we all wore our costumes to school and went trick-or-treating to all the other classrooms. This month we also learned about the letters G, H, I and J. We continued to learn about shapes, colors, and numbers. We also welcomed our new assistant teacher Ms. Bianca to our class!

Smiles, Ms. Lindsay and Ms. Bianca

Children's House 2-2

This month in Children's House 2-2 started with the study of bodies, both animal and human. From there we plan on studying either geology/volcanoes or space, depending on the popular vote. Check out our blog each week for the details! As always, we ask that you make sure your children have weather appropriate clothes, a complete change of clothes, and a toothbrush to use after lunch. Thanks!

With gratitude,

Ms. Maddy and Ms. Brittany

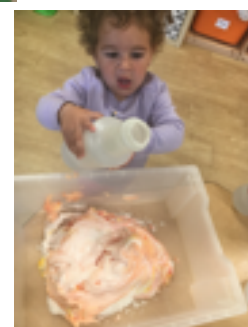

CHILDREN'S HOUSE 1-2

October has been a very eventful month. We have learned letter F, G and H. We also spent a whole week celebrating Halloween. Some of the highlights of this month have been celebrating Benny's third birthday. We watched him walk around the sun and we all ate ice cream. We loved the learning the letter H and learning about the heart inside our body and the heart symbol for love. Halloween was also a big hit. We celebrated by making monster crafts, listening to Halloween music and eating treats. We all dressed up and went trick or treating around the school. The class is looking forward to November and the next holiday to celebrate.

Thank you for support and encouragement,

Ms. Hayley

TODDLER ROOM 1

Toddler Room 1 has had a busy and fun filled October. We worked on the letters E, F, and G! We worked on all of our favorite words that begin with those letters. We were able to look at a Safari book that had moving pictures and found our favorite animals under these letters. We loved that F week coincided with Fire Prevention Week and we talked all about fire trucks. We even got to see several fire trucks pass the school. We had a "shaving cream" fire that we put out with our big bottles of water. The toddlers also enjoyed seeing the Garbage truck which visits one a week. We were so excited about the Garbage truck, that we made our own little garbage trucks. For the last week in October, we celebrated Halloween. We did lots of Halloween crafts and acted like Halloween monsters. We did our best Halloween costumes and had a Halloween parade along with Classroom trick or Treating. We welcomed our friends, Toby and Dylan, to our wonderful classrooms but we had to say goodbye to our long time friends, Karsen and Tommy.

With Love,

Ms. Kendalyn and Ms. Jyoti

CHILDREN'S HOUSE 1-1

What a wonderful month we got to enjoy! We had so much fun with all of our fall madness. We had mid week dance parties, learned about the letter "Ee", had music Monday and learned all about health. We learned about the food pyramid and what is good to eat and what is not so good to eat. We learned what make our teeth happy and shine and what might make them sad and yucky. We learned some new shapes and reviewed colors. Made fall triangle trees, circle stamped and created sponge squares. We also made yummy snacks! Dirt and worms, Halloween cookies and even made spiders. On to a new month and almost into a new year!

With so much love,
Ms. Tori and Ms. Olivia

CHILDREN'S HOUSE 2-1

Children's House 2-1 has celebrated 3 birthdays this month with the beautiful Montessori Birthday Tradition. Averie, Luke and Izabela all celebrated their special days with a "Walk Around the Sun" for every year they have. Along with birthdays, we had a great time parading our costumes around the school on Halloween. Our class learned all about and celebrated Veterans Day as well. In addition, we have welcomed Sienna, who has moved up from Children's House 1-2, to our classroom this month.

We continue to work individually on our writing and reading skills in Children's House 2-1. Together, we work on painting, block building and puzzles. One of our favorite things to do after lunch is to go with Miss Janice to our chicken enclosure to look for eggs! We are learning to care for and feed the chickens as well as learning to take care of plants. Discussing the proper way to treat plants and animals is one very important aspect of grace and courtesy.

With gratitude, Ms. Marlene
