May 2017

TODDLER ROOM 2

April was such a fun month in the Toddler 2 class! We had so much fun learning about all the different sounds that animals make. We also learned about the colors green and yellow, and we counted all the way to 20. We celebrated Earth Day and Easter during the month of April. We also had so much fun doing arts and crafts. We made bird crafts, food crafts, and even painted with Bubble Wrap! The toddlers look forward to having even more fun in the month of May!

Smiles,
Ms. Lindsay and Ms. Okeyia

Children's House 2-2

We're heading into another fun month in Children's House 2-2 as we finish up our study of the weather and move into the fascinating world of dinosaurs. As always, if you have a theme related book, puzzle, or game that you're willing to let us enjoy, please bring it in. The month of May also brings bugs and tons of sunshine, so please make sure your child has sunscreen and bug spray available for the spring and on into the summer. You simply bring it to the front office and fill out a form.

With gratitude,

Ms. Maddy and Ms. Jessica

CHILDREN'S HOUSE 1-2

April was an exciting month. We learned all about the parts of a flower and what makes plants grow. We also learned about dinosaurs. Our favorite dinosaurs were the carnivores. The last week of April was about recycling! The kids were very excited to play recycling games as well as implement a recycling bin in the classroom. Ask your children about the recycling songs we practiced all week.

At the end of April we welcomed Miss Taylor to our class. She has been a great new addition!

Thank you for support and encouragement,

Ms. Hayley and Ms. Taylor

TODDLER ROOM 1

April was a great month for Toddler Room 1! We learned the letters W and X. Also, we celebrated Easter and Earth Day! For letter W, we learned about the different types of weather. One day we had windy weather and flew our kites. We also tried some yummy Watermelon and the toddlers loved it. For letter X, we learned all about X-rays and xylophones. We also had buried treasure (animal crackers and pretzels) and had to find the X; X marks the spot. For our Easter week, we did Easter Egg matching and dyed eggs. We had a huge Easter Egg hunt with Toddler Room 2. Lastly, we cleaned up our playground with Children's House 2-1 and recycled for Earth Day. We also celebrated Mrs. Jyoti and Kiran's Birthday. April was amazing and we are looking forward to a marvelous May!

With Love,

Ms. Kendalyn and Ms. Jyoti

CHILDREN'S HOUSE 1-1

What a month! This month we made some pretty awesome class crafts. We also reviewed our letters, colors, shapes and numbers. We have been working on spelling the days of the week, our names and the month. We have been spending time outside since the weather is so nice. We even got to talking about parts of plants and how seeds grow. Onto a new month and a bunch more fun!

With so much love,

Ms. Tori and Ms. Sabrina

CHILDREN'S HOUSE 2-1

As we start our first week of May, Children's House 2-1 continues to enjoy the spring weather and the sunshine. We are still nurturing and caring for our garden bean plant which is constantly growing!

The children are hard at work on their challenges during work cycle such as vocabulary and numbers. The older children are working on becoming prepared for kindergarten and are well on their way. The younger children still love to use the blocks and shapes to expand their creativity and imagination.

Everyone in the classroom is always working on their hand-writing skills through different challenges, whether it is the older children writing their numbers or letters or the younger ones writing their names.

We continue to enjoy our weekly music class with Miss Marcia and are strengthening our singing voices.

With gratitude,

Ms. Ebony and Ms. Fiona
