June 2017

TODDLER ROOM 2

We had a wonderful May in the Toddler 2 class. We started the month off by celebrating Star Wars Day and Cinco de Mayo. We learned about dinosaurs and the planets in our solar system. We also learned about the colors orange and purple. We had fun making music with lots of different musical instruments and practicing yoga. We made Mother's Day cards for our mummies, as well as other crafts like tie-dye flowers, butterflies and dandelions. We had a great end to our school year, and we look forward to starting our Summer Themes in June!

Smiles,
Ms. Lindsay and Ms. Okeyia

CHILDREN'S HOUSE 2-2

We're excited about going into our summer themes and activities, like Splash Day. Please make sure your child has a bathing suit and towel in his/her cubby. Also, this year we are only doing splash day every other Wednesday so please keep an eye on the posted schedule for when our group will be participating. In addition, everyone should have up to date sunscreen properly checked in through the front office so we can apply when needed. Winter clothes can go home and a full change of summer clothes should be properly labeled in each cubby. Thanks for helping us get ready for a fantastic summer!

With gratitude,

Ms. Maddy and Ms. Shan

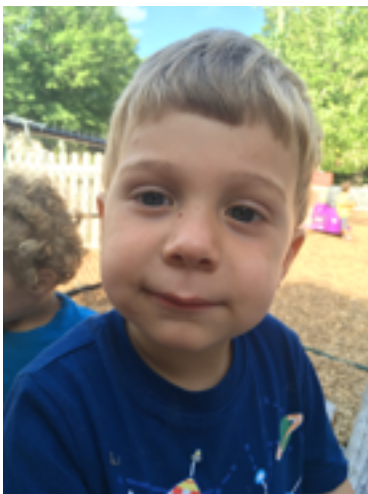

CHILDREN'S HOUSE 1-2

May has been an exciting month in CH 1-2. We have gotten two new friends and a new assistant teacher. We have focused on famous artists, animals, music and different types of writings. The children loved learning about different animals, specifically the flamingo. Next month starts out summer themes and a more laid back schedule. Splash day has been changed to every other week so make sure to check the class schedule!

Thank you for support and encouragement,

Ms. Hayley and Ms. Taylor

TODDLER ROOM 1

This has been a Marvelous May!! We learned our last two letters Y & Z and did a complete ABC review. For letter Y, we tried Yoga and ate some yummy yogurt. For letter Z, we learned how to zip zippers and read about zebras! We also focused on color matching and counting. The toddlers also worked on identifying different colors and objects around the classroom. We also had a science week! We did several science experiments, some which failed and most succeeded. The toddlers loved Science week. We said goodbye to our friend, Dalia, as she moved up to CH 1. We also welcomed our friend, Audrey, to our classroom. We are looking forward to a wonderful June!

With Love,

Ms. Kendalyn and Ms. Jyoti

CHILDREN'S HOUSE 1-1

What a month! This month we said a very sad goodbye to our friend Tessa! We also had very warm and welcoming hellos to Gwen and Miss. Amanda. We made lots of awesome crafts and sang some fun songs. We reviewed our letters, numbers, shapes and colors. We celebrated Madison's 3rd birthday with the walk around the sun and some yummy doughnuts! Now on to the new month and new friends and a ton of summer themes!

With so much love,

Ms. Tori and Ms. Amanda

CHILDREN'S HOUSE 2-1

The month of May has been an exciting time for Children's House 2-1. We have welcomed a new teacher, Miss Ebony to our classroom and love having her as our teacher! In addition we have had to unfortunately say goodbye to several of our students, however we are very happy for them as they in-bark on adventures in their new schools. The children have been working on their challenges and continue to grow every day. Some of the challenges include learning how to write their first and last name as well as working on their addition skills. We have also been exploring the different countries and all the exciting people and animals that live in each country. All the children worked together to create a map that displays each continent and are greatly enjoying learning about the unique similarities and differences of people around the world.

With gratitude,

Ms. Ebony and Ms. Fiona
