TODDLER ROOM 2

We had a blast finishing our summer themes in the month of August. For “Craft and Create” week we embraced our artistic sides and did lots of coloring and painting. We had fun getting spooky during “Monster Mash” week and read monster books and made Frankenstein crafts. We headed to the kitchen for “Top Chef” week and made smoothies and a dessert for the school competition. We finished off the summer with “Safety Week” and practiced our fire drills and tornado drills. Of course, the highlight of Safety Week was when the Carrboro Police Department and Carrboro Fire Department came to visit! We had such a fun summer and are excited about the new school year!

Smiles,
Ms. Lindsay, Ms. Okeyia and Ms. Olivia

CHILDREN’S HOUSE 2-2

Our school year is off to an excellent start as we gather our supplies, make new friends, and dive back into our academic work. Please make sure your child has a toothbrush, toothpaste, sunscreen, and a change of clothes. Our academic challenge board is next to our white board and you can check both of them each day to see your child's progress as well as what activities we did that day.

Please don't hesitate to reach out to me if you have any questions. Ms. Laura and I are looking forward to a great new year.

With gratitude,

Ms. Maddy and Ms. Laura

CHILDREN'S HOUSE 1-2

As summer themes have ended, we have begun our regular class schedule. The kids are getting back into the swing of school time routine. We are sticking by our schedule by starting our morning snack at 8:45, work cycle everyday and coming inside for nap at 12:30. We will be focusing on the alphabet as always, but this year adding a little more geography into the mix.

Thank you for support and encouragement,

Ms. Hayley and Ms. Taylor

TODDLER ROOM 1

What a fun month August has been for the Toddler classroom!! Our summer themes came to an end and our 2017-2018 academic school year has just begun! Throughout the month of August, we had the themes Craft & Create, Monster Mash, Montessori Top Chef, and Safety Week, For craft and create, we made sure to make plenty of crafts including an ice cream cone and our classroom sun. We learned about monsters, the letter m, and told each other spooky stories for monster mash. We all became professional bakers when we made our Oreo chewy bars for Montessori top chef. We also talked about our favorite foods and made a spaghetti craft! For safety week, we had a visit from the local police and fire department. It is safe to say the kids loved it!! We also practiced the different emergency drills to make sure we are always prepared. We had a blast in the toddler room over the summer, but we are ready for an even better school year! We welcomed our new teacher Miss Chelly to our classroom along with two new friends, Greta and Kaden. We also had to say goodbye to our good friend Sydney.

With Love,

Ms. Amanda and Ms. Chelly

CHILDREN'S HOUSE 1-1

What a great month to end our summer themes with a bang and to begin our new school year! We had so much fun with the fire department and the police department. They came and showed us what they drove and told us about their jobs. We had fun making crafts, singing songs and dancing our hearts away with Ms. Row. For the new school year, we have made new friends had have said goodbyes to old friends!

With so much love,

Ms. Tori and Ms. Jessica

CHILDREN'S HOUSE 2-1

This month in CH-2 we continued to work on our challenges while having fun! Some of the challenges they are working on include writing skills such as names, numbers, and letters. In addition, the children work on their multiplication tables and basic math, such as addition and subtraction. Music class is enjoyed by all, and everyone did great in the school recital. They also enjoyed Safety Week where the children got to meet the police as well as firemen and women that are right down the street. Finally, everyone in class is having a blast during Science Week. Several of the experiments we conducted included Dancing Worms where they were able to learn how baking soda reacts to vinegar and how oil reacts to water by putting food coloring in the water. Unfortunately we did have to say goodbye to some of our students, Adil and Jordyn have left to go to kindergarten. They will both be sorely missed by everyone! However, to end on a happy note we did welcome two new students to CH-2, Benny and Adrian. They are wonderful to have in class and we look forward to seeing them grow every day.

With gratitude,

Ms. Fiona and Ms. Tracey
