May 2018

TODDLER ROOM 2

April was such a fun month for the Toddler 2 class. We learned about words that start with the letters T, U and V. We continued learning about animals, and learned all about the Donkey, Duck and Lion. The toddlers also learned about the color green when we mixed drops of yellow and blue food coloring in water and watched it turn green. For our crafts in April, we made Super Hero Popsicle sticks, handprint pineapples, and musical shakers. We celebrated Earth Day and colored Earth Day coloring pages. We've been spending lots of time outside in the warm weather, so if you don't have sunscreen be sure to bring some! And remember to sign a permission slip from the front table.

Smiles,

Ms. Lindsay and Ms. Katema

CHILDREN'S HOUSE 2-2

We're gearing up for a busy May in Children's House 2-2. We started the month with a big "May the Fourth Be With You" Star Wars Dance Party. Soon we'll be celebrating Cinco de Mayo by making maracas. After that it will be a hop, skip, and a jump to Mother's Day. We'll be working hard on gifts for our mommies all week. Shortly after that we'll be honoring our graduates who are moving on up to Kindergarten in a ceremony scheduled for the end of the month. Please keep in mind the weather is very unpredictable this time of year and make sure the children have a high temperature change of clothes in their cubbies.

With gratitude,

Ms. Maddy and Ms. Laura

CHILDREN'S HOUSE 1-2

April showers bring energetic kids! This month was a rainy one, which meant more inside time. We are thankful for the warm weather and sun that has started shining down on us through the day.

This month we focused on the end of the alphabet and we had a fun week learning about art. The class discussed art tools and art mediums and made our own class Pollock painting (also known as a splatter painting). In the weeks to come we will learn about numbers, animals and plants. We will also start transitioning into our summer themes!

As mentioned before, the sun is shining bright. Please remember to put sunscreen on your children before school and always bring a water bottle.

Thank you for support and encouragement,
Ms. Hayley and Ms. Pam

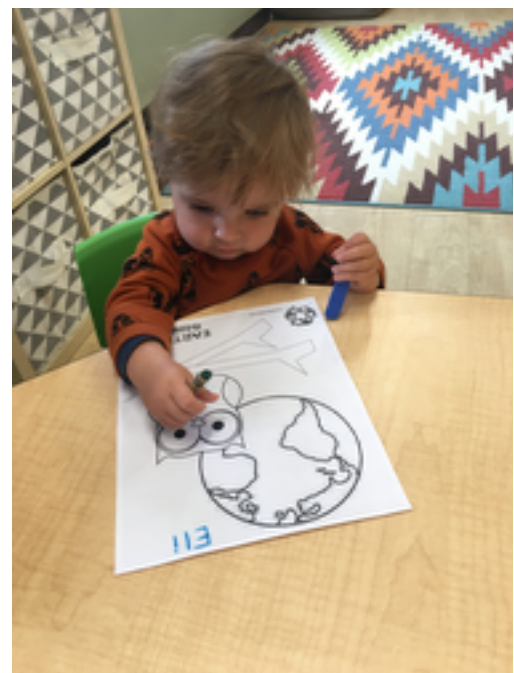

TODDLER ROOM 1

Hello Everyone! April was another one of our fun and exciting months for Toddler Room 1. We are approaching our spring and summer activities as well. On Earth Day, we planted peas and beans. The toddlers were thrilled to help out and be apart of the activity. The plants are still growing strong as we take turns watering them. We also said goodbye to two of our friends as they transitioned to Ch1-1. Roger and Escher were very thrilled & happy to catch up with old friends and meet new friends in their new class. We will miss them truly. May will be a great month for us well. See you there!

With Love,

Ms. Chelly and Ms. Hser Ku

CHILDREN'S HOUSE 1-1

We have had a busy month in the CH1-1 class. Our class is growing larger as we have welcomed our new friends Roger and Escher to our classroom.

We are getting close to finishing our alphabet. With the weather being so warm we are enjoying spending lots of time outdoors. As a reminder please be sure to check cubbies and exchange winter clothes for summer clothes.

With so much love,

Ms. Jessica and Ms. Kirstie

CHILDREN'S HOUSE 2-1

As we look back on the month of April and all the projects completed, we realize how quickly the time goes by!

In April, the CH 2-1 class was immersed in various art projects. We completed several crafts, including creating individual books all about the nature found in April and making book boxes. In addition to our arts and crafts, our class enjoyed the annual East Egg Hunt and discovering the treats inside the eggs.

For science, we started our own indoor miniature gardens and planted seeds in a jar including carrots, peas, and snap dragons. The children also enjoyed watching white daises change color through daily observations.

We are now looking forward to the month of May and all the new discoveries to make.

With gratitude,

Ms. Fiona and Ms. Tracey
