August 2018

TODDLER ROOM 2

The Toddler 2 class had so much fun in the month of July! For “How Is It Made?” week, we made ice, smoothies, and pizza and made a hat craft. For “Lost In Space” week, we learned about planets and made a moon craft. We learned about animals and clothing during “Polar Opposites” week and made a Desert/Snow landscape craft. During “Myths & Legends” week, we learned about different mythical creatures and made a dragon craft. And we finished the month by doing science experiments and making a laboratory flask craft during “Mad Scientist” week. We look forward to finishing up our Summer Themes in August and starting a brand new school year!

Smiles,
Ms. Lindsay and Ms. Katema

CHILDREN'S HOUSE 2-2

August promises to be a fun month, even as we say goodbye to the rest of our beloved 5 year olds who are set to head off to Kindergarten. We're starting with "Mad Scientist" week and then will move into safety week. We're excited to welcome both the fire department and the police to our school. After Safety week, we'll have a week on farms and then finally a "mystery theme week." Wondering what that will be? For now you'll have to stay tuned. Right now even the teachers don't know. As always, a few housekeeping notes... Please make sure you are cleaning out your child's folder on a regular basis, and that your child has a full change of clothes in his or her cubby.

With gratitude,

Ms. Maddy and Ms. Laura

CHILDREN'S HOUSE 1-2

July was a blast! We learned about space, how things are made, myths and how to be mad scientists. Everyone was really excited to learn about how cars were made and how they have whole factories just to make cars. Another class favorite was myths and legends week. We learned about Medusa, the Minotaur, unicorns and mermaids. We are looking forward to an excellent August as we slowly transition back into our school year schedule.

Thank you for support and encouragement,

Ms. Hayley and Ms. Pam

TODDLER ROOM 1

Hey Everyone!

Goodness gracious! How times flies! We have made it through another incredible month. We are still pushing through our summer themes, such as "Lost in space" where the kids colored rocket ships, and we talked about stars. One of our favorite theme thus far is "Myths and Legends." Oh how unicorns was the main topic in our classroom! During the month of August, we will continue to enjoy our summer themes before we have to jump back into the school year. Last but not least we had to say goodbye to two of our friends, Kaden and Isa, as they both relocated to different cities with their families. They will be truly missed. We wish them the best! See you next month everyone.

With Love,

Ms. Chelly and Ms. Hser Ku

CHILDREN'S HOUSE 1-1

Children's House 1-1 has been very busy this month. The children have really enjoyed learning about science and all the many things scientists can do. During this month we took a walk on the wild side with our Myths and Legends theme. The children had a blast. Carrboro Fire and Police department paid us a visit, which we enjoyed. We had Splash Day every Thursday along with Music and Yoga.

With so much love,

Ms. Tameka and Ms. Alexis

CHILDREN'S HOUSE 2-1

The month of July went by very quickly as CH-2 was busy with weekly themes such as Wonders of the World, Things That Go Fast, Lost In Space and Myths and Legends.

In addition, we also enjoyed many interesting books for our letters of the week. The class also celebrated two birthdays in July. Ben turned five and will sadly be leaving us to go to kindergarten in August. Dylan turned four and will be staying with us for another year! We also sadly had to say goodbye to Sylvie as she left for kindergarten.

On the brighter side, the class enjoyed many engaging activities for our themes such as sampling food from around the world and creating galaxies in a jar to just name a few.

Finally, the class greatly enjoyed playing in the water on our splash days and getting to try some yummy potions during our toga party.

With gratitude,

Ms. Fiona and Ms. Jay
