TODDLER ROOM 2

The toddlers have been enjoying our Summer Themes! We listened to whale songs during Deep Sea Diving week. We had fun fingerpainting during Red, White and Blue week. We learned all about emergency vehicles during Safety First week. And we learned about holidays around the world during International Celebrations week.

Smiles,
Ms. Lindsay and Ms. Paw Soe

TODDLER ROOM 1

The Toddler 1 class has been having so much fun with Ms. Eden while Ms. Jewellery has been away getting married! Congratulations Ms. Jewellery!!!! We've been enjoying playing in the water each week on Splash Day. We've been having fun with our Summer Themes. We've been doing lots of arts and crafts, story time and dance parties!

Love,
Ms. Jewellery and Ms. Kuku

CHILDREN'S HOUSE 1

We have been having so much fun with our summer themes, this past month has been a blur! We have explored the deep blue sea and learned about the creatures of the deep! We did an in depth look at the colors red, white and blue while celebrating the 4th of July! Last week we learned all kinds of ways to stay safe including washing our hands, never talking to strangers and not running in the halls at school! Safety week also included fire safety with learning stop, drop and roll. Parents make sure your kid knows their fire escape route at home and remind them in case of emergency to dial 911! We have just begun international celebrations week and look forward to the diverse celebrations around the world!

With so much love,

Ms. Laura and Ms. Nora

CHILDREN'S HOUSE 2-2

Hello, friends!

What a fun and exciting summer we're having! We are still celebrating our summer themes, we welcomed Aram to our class, and now we are enjoying the return of Splash Days! Parents, remember to send students to school on these days ready to play in their swimsuits/water-friendly clothes, with sunscreen, a towel, and dry clothes and shoes to change into.

For our summer themes, we explored the bottom of the ocean with Deep Sea Diving! We learned about the creatures, geography, and special vehicles used to explore the deepest parts of the sea. We even tried to recreate the layers of the ocean in a jar using food coloring, water, and oil.

We also celebrated America during Red, White, and Blue week. We learned about what makes our country great and what we can do to make it even better. We talked about the difference between independence and freedom, because some Americans were not free when the Declaration of Independence was signed in 1776.

Right now we are discussing all things safety related! We are learning how to keep ourselves safe at school, at home, and who to talk to if we need help or have an emergency. Parents, check with your students at home to see if they know their contact information, escape plans, and the phone number to call if they need help from a firefighter, police officer, or ambulance. We are very excited to have visitors coming to our school from our local fire and police departments!

Next up we will be enjoying our International Celebrations. We are looking forward to celebrating all the different foods, languages, cultures, and traditions from around the world! Maybe we will even get to sample some international foods...

With love,

Ms. Jen and Mr. Sean

CHILDREN'S HOUSE 2-1

We're having a firetruck next week!

Wow, I have been waiting to use that introduction. Who needs to know anything else, right? This month we talked about our country, some states, and who we are as Americans, and what we can do to make America a better place for all. Last month we discussed quite a bit about Pride and the LGBTQ+ community. We talked about acceptance, inclusiveness, and how, as Americans, we can make our country even more accepting. To sign America in American Sign Language you place your fingers between your other fingers like a fence and make the stirring motion as if it is a big pot. We hope that our friends will always remember that we are all citizens of the world.

This week we're talking about Safety. Review your fire escape plan with your children at home. Make sure to make the route clear and a safe place to meet up. This might be a fun coloring or role play at home! Review your contact details with your children as well. We are also reminding the children to be safe at school and that safety begins with each one of us. We'll be reviewing shapes and signs to help children 'read' signs. Many of our CH 2 kids will be leaving for kindergarten soon, and we wish them all well in their journeys. We also welcomed our new kids, Luke and Savannah.

Ms Grace has been holding afternoon lessons with the kids involving art, music, yoga, and more! All the kids are loving their large and small group activity time. Before we end this monthly newsletter, we would like to congratulate Tom with becoming a big brother!

Hope everyone has a lovely month and stays cool!

With gratitude,
Mr. Will and Ms. Grace
